

Re: Air 1 radio I know that it would be traggic if my area would loose Air 1 as a Positive choice for music. If Air 1 is gone there is NO other station with a solid value that anyone would be able to choose. (music wise) Air 1 has made a great differance in my life and I know it does in others everyday. I believe choice is good but if Air 1 is lost here truth is we would have no other station that holds a value..

Cheers
